SOCIAL-SCIENCE CO87) BCLASS-X The supervision by the Reserve bank is necessary to ensure that -> banks donot only give loans to profitable arganisation and such people -> poor people can benefit from the journal sources of credit > bank maintains cash balance. 2. Allevial sail is the most wides pread and important soil 3. The Englishmon demanded the clamp down on Vernacular press after the revolution of 1857 when the presses got accertively nationalist. and reported about colonial musicule **Previous Pathshala**

constitution was annended four times in Belgum. 5 Fedned Erédéric Sarrieus prisented the intopian vision in his prints in 1848 to inculcate a feeling of nationatism as well as praternily among the people of the world Fast trasport contributed greatly in the 6. process of globalisation by carrying large amount of goods to far off location in tess time, They have lead to the integration of the markets. **Previous Pathshala**

The ISI togo of quality is marked on the electricat instruments. 8. Multi-purpose projects and large dame have caused many new social movements. The concerns related to such movements are (i) Multipurpose projects cause form rescriviaris which submerge targe amount of plana and found there decompose under anaerobic conditions. (i) Multipurpose projects cause large-scale displacement of people? Example- The Narmada bachao andolan mobilised environmentalist farmers tribals and social activity to demand adequate rehabilition and compensation of the ousters (displaced) PTO

cu) Multipurpose projects cause the social gap between the rich and the poor to increase as the benefits are shared unequality. Example- The farmers of the Sabarmati basin almost caused a viat due to the high priority gives to the supply of water to urban areas even during drought. -challes 9. (i) The Right to information ensures the citizens all the information about the functions of the departments of the government. (1) People have the right to know about the particulars of the goods and services they purchase like the choice of manufacturing

enpiry date, batch number, ingredients etc. (11) Right to information works as a twatchdog of democracy. (10) It waske to create a corruption free society and supplements other existing laws that have banned consuption 10. The advantages of globalisation are 1)It has allowed the producers to reach beyond their domestic market. They can self their services and goods in the markets of other countries besides their sion country. **Previous Pathshala**

3 (1) It has increased the choice of products foir the consumers especially the well-off section of the society. (iii) It has improved the quality of product due to increased competition the the price of similar goods tend to equilise in different markets 1000 12. The differences between primitive subsistence farming and commercial farming are. COMMERCIAL FARMING PRIMITIVE SUBSITENCE FARMING 3 This kind of farming this kind of farming is done to grave is done to produce crops crops so as to custain for selling in the market

the family of the farmer to earn good profit (1) This is done using primilive This is done using capital intensive tools tools tike day, digging stick and waged tabourers with the both of family or community labour. The farmers use high (11) The former depends on natural fertility and rain, doces of modern inputs hence production is dow like HYV seeds, pertilisery perticides. The yield is high 12 Average income hide disparities. This can be proved by the following. is no equitable distribution of income. Previous Pathshala

20 For example > of a small population have a very high income the total income as well as the average income vises thus hiding disparuted about the actual situation for They average income approx indicate rising standards of living as development depends on non-materialistic factors dike preedom equality respect justice etc. (11) Average income stonot tell us about the HDI as it depends on health and educational Statul also 13. Caste inequalities are still prevatent in India. This statement can be justified by the following > **Previous Pathshala**

11 () Although the constitution has prohibited caste discrimination; it is still practised in parts of the country. 1) People still now marry within the same caste. (11) The decades of advantages and disadvantages are followed felt even stoclay (v) People who earlier had access to education have done very well in accessing modern education. But people who didnot have access to education or were prohibited have lagged behind. (b) The economic status still now Jollow the casts hierarchici-the upper class the best off the lower casts the worst and the OBIS in between

33 14. The banks and cooperativesocieties should increase their lending facilities in rural areas for the following reasons WThe poorer section of the society can get a greciter share of Jormat crecist and cherce prosper. (1) The dependence on money lenders and tradery; who charge extra arbitary high rates decrease pi) People can borrow cheaply for meeting the working capital suguirement and thus develop their business and agriculture **Previous Pathshala**

15 (i) The feeling of nationalism didnot only come due to territorial expansion or war, culture played a major role in developing sense of nationalism. (ii) Romanticism is a cultural movement that sought to develop a particular kind of nationatism. 1.2 (11) Romantic poets didnat support the gloritying of science and reason; but nather focussed on mystic feelings, intitutions and emotion (v) Folklores, folktales and folksong were connected as it was betieved they gave the true manifestation of people's thoughts and lives (2) La Historians argued true German culture icas to be defined among the people (das volk) **Previous Pathshala**

34 (VI) Common deeds of the past, social capital inculcated a feeling of collective belonging arnong the people (vu) Language was also used to develop nationalism. This was the case of Poland that was divided by the Great Power Yet nationalist feelings were kept alie through songs and FOIKLOURE 16. Issues of caste discrimination began to be written about in many tracts and ersays in India in the late ninetienth certury is lotitle Phile, the pioneur of the low caste movement wrote about the caste distrimination in this book Gulangeri is 1871 (i) The ideas of leaders like BR Ambedhas and EV Ramaswamy Naicher, commonly known as periger tegan to be widely

printed and read. and This induced a new awareness amongst the people of the lower carle and a demand to They critisized the ancient scriptures I and sought to develop a new society based on equality and completely gree pom caste discrimination Mill worker calso worker or also worker or also worker of also worker of also worker of the content of 17 Power sharing in India is done in different ways & each with its own benefits ? HORIZONTAL DISTRIBUTION OF POWER AND ITS RENEFITS Power is shared among different organs of the government, namely the legislature the judiciary and the executive, placed at the same level Sifferent organs exercise **Previous Pathshala**

a section with section different powers as well as checks the other organ. 10 VERTICAL DIVISION OF POWER AND ITS BENEFITS India is a federal country that divides its power amongst the national government and the government at local and state level. This allows the tirdues and problems to be soletted easily and the state can function as autonomous body. They are not subourdinate of the central government B POWER SHARING AMONGST DIFFERENT COMMUNITIES AND RENEFITS Power is shared among different religious linguistic and orgional groups. There are legal provisions made whereby the weaker section of the society and women are represented in the assemblics and legislature,

17 B POWER SHARING AMONIGST DIFFERENT PARTIES AND BENEFITS Power due to the system of elections power is shared among different parties who represent different goups and communities. This allows different ideas and views to enjoy representation, Que to the above reasons the power sharing in India has actual made India more powerful and promoted unity anongsi citizens. It has allowed people to participate in the decision making that affects them. 18. Complaints are treated as testimony to the I success of democracy. is People are complaining itself is a testimony for democracy as it shows people have

and the ball and (v) However the government didnot fulfill the demands and Dicerps trivin didnot agree to negotiate. (1) Hence, Maicatma Gandhi began high his march, along with 78 followers from the Sabarmati Achran to the coast of Dandi (VII) Gandhi ceremonially violated the sait law and manufactured salt thus laying the foundation of civil disobedience movement. UNIFICATION OF THE COUNTRY 10 It was a true more movement that shook the British goverment (1) Hindus and Muslim akke participated in the movement Previous Pathshala

21 (1) The participation of women from the rich household and upper-caste families was significant. (v) Rich farmers initially participated in the movement demonstrag the reduction in revenue viotes. (People unitedly violed the salt law, pickered lignorshopset. No The industrialist too were enthusiastic at the beginning though later their support declined. 20 The reasons for the concentration of iron and steel industries in and around the Chotanagpur plateau are **Previous Pathshala**

22 DAvailibility of iron ore The region is close to the vion mines, thus the now material can be easily itiransported to the industries. (1) Proximity of other raw material dimestone and coking coal is also readily and easily available for production (11) Good transport system. The region is well connected through railways as well as roadways pacilitating easy transportation of the raw material as well as the distribution of finished products (1) Availibility of labour Cheap and skilled labour is easily available for the states of Uthar Pradesh Binar and Insikhand **Previous Pathshala**

(V) Port facilities Kolkata port nearby facililates the export of the finished goods (v) The industry has immense scope for development is the nome market. high 21. The role of political parties are is Political parties contest elections. Election in contemporary democracies are fought among the various candidates put forward by the political parties (1) Political parties shape public opinion. with the help of pressure groups they launch movements for the resolving of

24 the the set are the set the problems faced by the public (11) Political parties put Jorward policies and programme. People make choices on the basis of these iv Political parties form and run the government The major policies for the government comes prove the political purity that won the election. -H-Shalu (V) Parties that lose the elections form the opposition They critisge the government for its failures, point out jaults and mobilise opposition to the government. making They recruit leaviers train them and appoint them as ministers. Previous Pathshala

25 (UI) Political parties help people to access government machinery and welfare schemes. 22 The importance of railways as a means is Railways are the principal mode of transport for passengers and goods and wy They make it possible to conduct multifairious activities like business sight seeing and pilgrimage huy They are best suited for the transport of heavy and bulky goode over large terrestial distance (v) Indian Railways share been an integrating parce some the dast hundred years

28 (2) The railway system bind the economic life of people and accelerate the development of endustries and agriculture as This provote national writy. The features of secularism in India are jøndia has no afficial religion of its own unlike Pokistan (Islam), Brütain (Christanity), Sri Lanka (Buddhism) (4) Every individual is firee to practice, profess and propagate any religion of their choice wi The government docanot discour provides equal opportunities it all virespective of **Previous Pathshala**

27religion (1) No body ar individual can be discriminated on the basil of religion. The Constitution prohibits such discrimination. (v) The government can interfere in the matters of religion and its practices to make it more equitable 24 The land reclamation process in Bombay 2 in the late 19th and early 20th A century is as follows WThe unification of the seven island of Rombay into a single pièce of land occurred due to a long potocers that started in 1789. The Bombay Governor, agreed to The

and the same with the first safe 23 building of a sea wall to protect the low lying area from flood (1) The population of the city continued to increase and every bit of the available land was built over (11) To combat the chartage of commercial space, a series of policies were pumulated by the local authoriter as well as the private companies. (12) The private companies seemed more interested in taking financial risk v) In 1869 the Black Bay Reclamation Company got the right to rectiain the land from the top of Malabar will to the evid of Colaba.

29 (U) Although the company closed down due to mounting cost, the city had expanded to 22 excres (w) A the population increased, every sit of land available was built and more land was reclaimed from the seq. (viv) Reclaining land also meant the levelling of the hills around Bombay (m) A successful reclaimation project was carried out by Bombay Port Trust that built a dry dock between 1919 to 1918. The excavated land was used to build the 22 acre ballad estate. (x) Subsequently the Marine Drive was built in the 20th century. **Previous Pathshala**

30 The inportance of the dertiary sector in India can be reasoned as to llows 19 Inolua us The tertiary sector contributer significantly to the country's GDP (u) It provider employment to a large mimber of people with one-third of the women employed. (us) It brings much of the needed foreign enchange in the country (v) the government provides basic services like education health care, transport etc. which falls under the tertiary sector Previous Pathshala

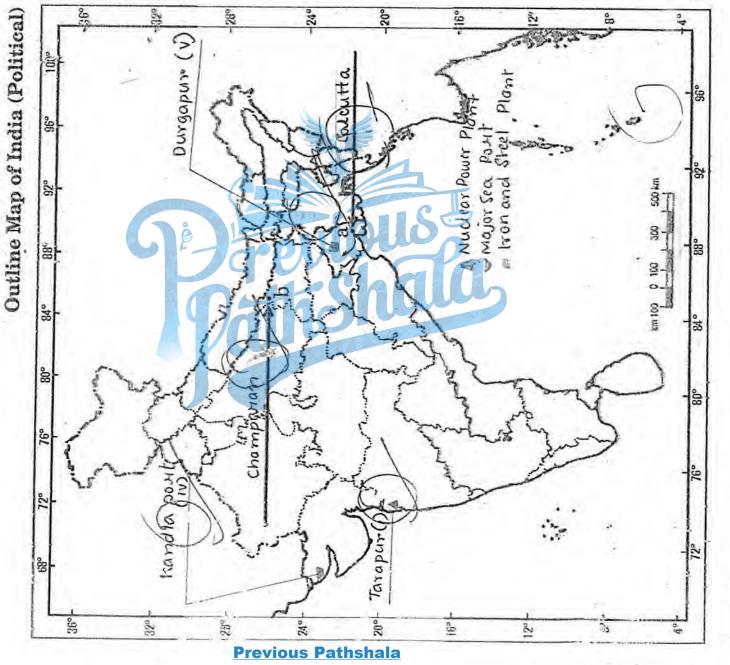

(v) It creates new opportunities like those related to information and communication technology (v) It provider aid to the development of the primary and tertiary sector by creating new services tike transport and storage. (2011) Tentiony sector also includes other facilities and services like doctors, teachers, engineers to play a majour in **Previous Pathshala**
